Vancouver Design Week is back!

(for the weekend)

May 12 - 14, 2017

Vancouver Design Week(end)

Vancouver Design Week (VDW) is the city's interdisciplinary design festival. A city-wide platform, invitation, and call to action to:

» **celebrate** local design talent;
» **connect** designers and users;
» and **support** design's capacity for improving quality of life for people and place.

The 2017 installation will be an abridged version of the platform - a **'Vancouver Design Week(end)'** featuring VDW's signature 'open door' events: Open Studios, Open Buildings, and Tastings; coupled with a community-wide open call. (Visit our website for details).
